Programming and Scripting for GIS 5 cr

Programmering och skript i GIS 5 hp

Version

Valid from	**Valid to**
8/28/17	**-**

Course identifier DVG510

Course Literature

Paul Zandbergen, Esri Press. (Ed.) *Python Scripting for ArcGIS*.

Reference Literatur

Chris Garrard, Manning Publications (Ed.) (2014). *Geoprocessing with Python*.

Plagiarism is a form of cheating that involves imitating or copying someone else's work, such as a text, an image, or a table, and then present this as your own or without providing any reference. Self-plagiarism is also considered cheating, that is, using one's own previously submitted or published work without providing any reference.
