Course content The teaching practice activities of this course are connected with the school subject of English from a pedagogical perspective. The course focuses on the student's ability to create opportunities for all pupils to learn and develop within the subject of English as stipulated in the curriculum goals. This course gives the student an opportunity to reflect on what it means to be a teacher and on one's own development towards a professional conduct in relation with fellow teachers, students and parents.

Teaching Supervised teaching practice during the placement period. Seminars.

Prerequisites Completion of studies within the teacher training program as follows: a total of 60 credits within the pedagogical core, including 15 credits in General Teaching Practice, as well as 60 credits in English and 60 credits in the second subject.

Examination Assessment of teaching practice, written report and oral examination.

Grade Pass with distinction, Pass and Fail

Other regulations In case of failure, students are entitled to one more placement.

Sustainable environment A minor part of the course content deals with sustainable development.
