Course Literature

Aronsson, Ekdahl, Oskarsson (Senaste upplagan). *Modern logistik - för ökad lönsamhet*. Liber.

Mattsson, Stig-Arn (senaste upplagan). *Logistik i försörjningskedjor*. Studentlitteratur.

Plagiarism is a form of cheating that involves imitating or copying someone else's work, such as a text, an image, or a table, and then present this as your own or without providing any reference. Self-plagiarism is also considered cheating, that is, using one's own previously submitted or published work without providing any reference.
