Handouts and web references

Reference Literatur

Steg, Linda; van den Berg, Agnes E; de Groot, Judith I M (senaste upplagan). *Enviromental Psychology: An Introduction*. Wiley-Blackwell: BPS Textbooks in Psychology.

Plagiarism is a form of cheating that involves imitating or copying someone else's work, such as a text, an image, or a table, and then present this as your own or without providing any reference. Self-plagiarism is also considered cheating, that is, using one's own previously submitted or published work without providing any reference.
