Course Literature

Fan, Huaan (latest edition) *Theoretical Geodesy*. Royal Institute of Technology.

Scientific articles and reports

Reference Literatur

Torge, Wolfgang (latest edition) *Geodesy*. Berlin: Walter de Gruyter & Co.

Plagiarism is a form of cheating that involves imitating or copying someone else's work, such as a text, an image, or a table, and then present this as your own or without providing any reference. Self-plagiarism is also considered cheating, that is, using one's own previously submitted or published work without providing any reference.
